## SIDE DOOR LATCH: SAFETY, RELIABILITY AND COMFORT

Kiekert side door latches keep all classes of vehicles and their passengers safe. Our intelligent systems ensure maintenance free operation throughout the long life-cycle of the latches. Optional functions such as electric child safety, electric opening or servo closure offer great freedom, performance and convenience. Kiekert side door latches are adaptable to all markets and models, and are also available as latch modules for especially efficient assembly.

### BENEFITS AT A GLANCE

- › Customizable
- › Good acoustics (quiet opening and closing)
- › Ideal feel with individually adjustable closing forces

### EVERYDAY ADVANTAGES

- › Safe, in any crash situation and in case of extreme distortions
- › Durable and reliable
